Dear Chris

Thank you for a wonderful tour of McCahon house on Sunday 10th July and the manner in which you guided us through what could be perceived as a tough context to create art in. We had a valuable debrief on Monday and they understood what it was like for McCahon to try and physically make art from 1953-60. They also had a greater appreciation of Anne's role in the process of McCahon's making and why McCahon may have felt the weight of an audience's neglect.

Thank you for taking the stray, late girls through the whole tour again after the main body left. The students have so many demands on them at the weekend that the reality is we have to operate on glide time when I am asking them to give up their own time for Art. The morning was a great success and I was hearted that 16 students and four parents turned up. I will repeat it with the Year 12's next term.

Please accept this koha of \$50.00, as a token of our appreciation for the extra time you put into our group, as well as to cover the four or so students who forgot their \$5.00 on the day. Many thanks.

Yours sincerely
